Amendment C 4

filling, gelatin, fruit, or an edible bite sized composite material.

274. (New): The support for a frozen comestible of claim 271 wherein said edible composite material comprises an ingredient.
275. (New): The support for a frozen comestible of claim 271 wherein said edible composite material comprises a support.
276. (New): The support for a frozen comestible of claim 271, further comprising a comestible supported by said support.
277. (New): The support for a frozen comestible of claim 271, further comprising a composite member support comprising a plurality of members, wherein said plurality of members comprises a lollipop or an edible tongue, wherein said plurality of members comprises an edible composite material member.
278. (New): A support for a frozen comestible comprising an edible composite ingredient.
279. (New): The support for a frozen comestible of claim 278 wherein said edible composite ingredient comprises an edible composite material.
280. (New): The support for a frozen comestible of claim 279 wherein said edible composite material comprises two constituent materials, wherein said two constituent materials each comprise an ingredient material.
281. (New): The support for a frozen comestible of claim 280 wherein said ingredient material comprises a candy, a mini colored candy chip, a flavored candy chip, a mini size piece of candy, crushed candy, an individually coated piece of candy, a nut, a candy bead, a fluid ingredient, an edible coating, an edible moisture proof barrier coating, fudge, peanut butter, nougat, yogurt, ice cream, mint, ginger, graham, a

filling, gelatin, fruit, or an edible bite sized composite material.

282. (New): The support for a frozen comestible of claim 278, further comprising an edible composite material support.
283. (New): The support for a frozen comestible of claim 278 wherein said support comprises a handle.
284. (New): The support for a frozen comestible of claim 278, further comprising a comestible supported by said support.
285. (New): A supported frozen comestible comprising:
- (a) a support comprising an edible composite material, and
  - (b) a comestible supported by said support.
286. (New): The supported frozen comestible of claim 285 wherein said edible composite material comprises two constituent materials, wherein said two constituent materials each comprise an ingredient material.
287. (New): The supported frozen comestible of claim 286 wherein said ingredient material comprises a candy, a mini colored candy chip, a flavored candy chip, a mini size piece of candy, crushed candy, an individually coated piece of candy, a nut, a candy bead, a fluid ingredient, an edible coating, an edible moisture proof barrier coating, fudge, peanut butter, nougat, yogurt, ice cream, mint, ginger, graham, a filling, gelatin, ice cream, fruit, or an edible bite sized composite material.
288. (New): A support for a frozen comestible comprising an edible composite material and means for supporting a comestible.
